Notice of Intent for New or Renewal of General Permit for Discharges from Small Municipal Separate Storm Sewer Systems (MS4's)

Part I. Municipal (MS4) Contact Information

- Name of Municipality: Village of Bridgeview MS4 #: ILR400301
Population (based on 2010 census): 16,446
- MS4 Mailing Address: 7500 S. Oketo Avenue City: Bridgeview, IL Zip: 60455
- Primary MS4 Contact Person (Authorized Representative for MS4 Permit)
Name: Mr. William Green Title: Director of Village Projects
Phone: 708-594-2525 Email Address: wgreen@villageofbridgeview.com

General Information

- Latitude and Longitude at approximate geographical center of MS4 for which you are requesting authorization to discharge:
Latitude: 41 45 00 Longitude: 87 47 20
Degrees Minutes Seconds Degrees Minutes Seconds
- Community Type: Village Other: _____
- Name(s) of governmental entity(ies) in which MS4 is located:

| City/Village | Township | County |
|-----------------------|-------------------|-------------|
| Village of Bridgeview | Lyons Township | Cook County |
| | Palos Township | |
| | Stickney Township | |
| | Worth Township | |

- Area of land within your MS4 in square miles: 4.1
- Percent of MS4 served by combined sewer: 0 Percent of MS4 served by separate sewer: 100

Impaired Waters

The most recent 303(d) list may be found at <https://www2.illinois.gov/epa/topics/water-quality/watershed-management/tmdls/Pages/303d-list.aspx>. Information regarding TMDLs may be found at <https://www2.illinois.gov/epa/topics/water-quality/watershed-management/tmdls/Pages/default.aspx>.

| Name(s) of known receiving waters (in and within 3 miles of MS4 area) | Impairment listed on 303d List or TMDL? |

9a. If impaired, which potential causes and source?

Causes: See Section 9 above

Source: See Section 9 above

9b. Are the receiving waterbodies included in an approved TMDL or alternate water quality management plan? Yes No

9c. Is the MS4 community included in the chloride variance? Yes No

Program Responsibility

10. Shared Responsibility

Is your MS4 responsible for any permit requirements of another MS4 community? Yes No

Does your MS4 Community rely on another MS4 to satisfy any of the permit requirements? Yes No

11. Co-Permittee

Is your MS4 Community a Co-Permittee with another MS4 Community? Yes No

12. Other contacts responsible for implementation or coordination of Stormwater Management Program

Part II. Best Management Practices (include shared responsibilities) which have been implemented or are proposed to be implemented in the MS4 area

A. Public Education and Outreach

Approximate date first implemented: 3/10/03 Frequency of each BMP program: Various

Qualifying Local Programs

A.1 Distributed Paper Material
A.4 Community Event
A.6 Other Public Education

Measurable Goals (include shared responsibilities)

A.1 Distributed Paper Material

Brief Description of BMP

Distribution of stormwater-related information by newsletters, brochures, pamphlets and flyers.

Measurable Goals, including frequencies

Distribution of newsletters, brochures, pamphlets and flyers on an annual basis.

Milestones

- Year 1:
- Year 2:
- Year 3:
- Year 4:
- Year 5:

Additional Info

BMP Number: A.1

Add a row

Delete last row

A.2 Speaking Engagement

A.3 Public Service Announcement

A.4 Community Event

Brief Description of BMP

At the Village-wide Cleanup Day events in Spring and Fall, reach out to residents about the steps that can be taken to reduce stormwater pollution by keeping their community clean.

Measurable Goals, including frequencies

The Village's Cleanup Day events will be held in Spring and Fall on an annual basis.

Milestones

- Year 1:

- Year 2: Hold Cleanup Day events and reach out to residents about the steps that can be taken to reduce stormwater pollution by keeping their community clean.
- Year 3: Hold Cleanup Day events and reach out to residents about the steps that can be taken to reduce stormwater pollution by keeping their community clean.
- Year 4: Hold Cleanup Day events and reach out to residents about the steps that can be taken to reduce stormwater pollution by keeping their community clean.
- Year 5: Hold Cleanup Day events and reach out to residents about the steps that can be taken to reduce stormwater pollution by keeping their community clean.

A.5 Classroom Education Material

A.6 Other Public Education

Brief Description of BMP

Inclusion of stormwater related materials and other public services information on the Village's website.

Measurable Goals, including frequencies

Inclusion of stormwater-related materials and other public services information on Village's website on an annual basis and as needed.

Milestones

- Year 1: Inclusion of stormwater-related materials and other public services information on Village's website.
- Year 2: Inclusion of stormwater-related materials and other public services information on Village's website.
- Year 3: Inclusion of stormwater-related materials and other public services information on Village's website.
- Year 4: Inclusion of stormwater-related materials and other public services information on Village's website.
- Year 5: Inclusion of stormwater-related materials and other public services information on Village's website.

B. Public Participation/Involvement

Approximate date first implemented: 03/10/03 Frequency of each BMP program: Various

Qualifying Local Programs

B.4 Public Hearing
B.7 Other Public Involvement

Measurable Goals (include shared responsibilities)

- B.1 Public Panel
- B.2 Educational Volunteer
- B.3 Stakeholder Meeting
- B.4 Public Hearing

Brief Description of BMP

Conduct public meeting as part of Village Board meeting annually for the public to provide input and/or ask questions.

Measurable Goals, including frequencies

Conduct public meeting as part of Village Board meeting on an annual basis. Include the NPDES II MS4 Program on an agenda for a Village Board meeting; give an overview of the program requirements, list the minimum control measures, and give a few examples of the efforts underway. Allow opportunity for input and/or questions. Include discussions in the Village Board meeting minutes.

Milestones

- Year 1: Public meeting at Village Board meeting.
- Year 2: Public meeting at Village Board meeting.
- Year 3: Public meeting at Village Board meeting.
- Year 4: Public meeting at Village Board meeting.
- Year 5: Public meeting at Village Board meeting.

C. Illicit Discharge Detection and Elimination

Approximate date first implemented: 3/10/03 Frequency of each BMP program: Various

Qualifying Local Programs

C.1 Sewer Map Preparation
C.2 Regulatory Control Program
C.7 Visual Dry Weather Screening
C.10 Other Illicit Discharge Controls

Measurable Goals (include shared responsibilities)

C.1 Sewer Map Preparation

Brief Description of BMP

Maintain/update sewer map as needed.

Measurable Goals, including frequencies

Review map annually; update if any projects have been completed or other adjustments are needed.

Milestones

Year 1: Review map; update if any projects have been completed or other adjustments are needed.

Year 2: Review map; update if any projects have been completed or other adjustments are needed.

Year 3: Review map; update if any projects have been completed or other adjustments are needed.

Year 4: Review map; update if any projects have been completed or other adjustments are needed.

Year 5: Review map; update if any projects have been completed or other adjustments are needed.

- C.3 Detection/Elimination Prioritization Plan
- C.4 Illicit Discharge Tracing Procedures
- C.5 Illicit Source Removal Procedures
- C.6 Program Evaluation and Assessment
- C.7 Visual Dry Weather Screening

Brief Description of BMP

Perform dry weather screenings of storm sewer outfalls to identify any illicit discharges.

Measurable Goals, including frequencies

Perform dry weather screenings of storm sewer outfalls to identify any illicit discharges on an annual basis.

Milestones

Year 1: Perform dry weather screenings of storm sewer outfalls to identify any illicit discharges.

Year 2: Perform dry weather screenings of storm sewer outfalls to identify any illicit discharges.

Year 3: Perform dry weather screenings of storm sewer outfalls to identify any illicit discharges.

Year 4: Perform dry weather screenings of storm sewer outfalls to identify any illicit discharges.

Year 5: Perform dry weather screenings of storm sewer outfalls to identify any illicit discharges.

C.8 Pollutant Field Testing

C.9 Public Notification

C.10 Other Illicit Discharge Controls

Brief Description of BMP

Perform visual monitoring inspections of upstream and downstream watercourse locations to identify any illicit discharges.

Measurable Goals, including frequencies

Perform visual monitoring inspections of upstream and downstream watercourse locations to identify any illicit discharges on an annual basis.

Milestones

Year 1: Perform visual monitoring inspections of upstream and downstream watercourse locations to identify any illicit discharges.

Year 2: Perform visual monitoring inspections of upstream and downstream watercourse locations to identify any illicit discharges.

Year 3: Perform visual monitoring inspections of upstream and downstream watercourse locations to identify any illicit discharges.

Year 4: Perform visual monitoring inspections of upstream and downstream watercourse locations to identify any illicit discharges.

Year 5: Perform visual monitoring inspections of upstream and downstream watercourse locations to identify any illicit discharges.

D. Construction Site Runoff Control

Approximate date first implemented: 3/10/03

Frequency of each BMP program: Various

Qualifying Local Programs

D.1 Regulatory Control Program
D.2 Erosion and Sediment Control BMPs
D.4 Site Plan Review Procedures
D.6 Site Inspection/Enforcement Procedures

D.1 Regulatory Control Program

Brief Description of BMP

The Village currently enforces Village and MWRD Ordinances requiring erosion and sediment controls as well as

Measurable Goals (include shared responsibilities)

compliance with ILR10 requirements. All plans are reviewed and approved prior to commencement of construction. Review applicable Sections of Ordinances for effectiveness, and revise as necessary.

Measurable Goals, including frequencies

Enforce Village and MWRD ordinances requiring erosion and sediment controls and compliance with ILR10 on an as needed basis. Review applicable Sections of Ordinances for effectiveness on an annual basis, and revise as necessary.

Milestones

Year 1: Enforce Village and MWRD ordinances requiring erosion and sediment controls and compliance with ILR10. Review applicable Sections of Ordinances for effectiveness, and revise as necessary.

Year 2: Enforce Village and MWRD ordinances requiring erosion and sediment controls and compliance with ILR10. Review applicable Sections of Ordinances for effectiveness, and revise as necessary.

Year 3: Enforce Village and MWRD ordinances requiring erosion and sediment controls and compliance with ILR10. Review applicable Sections of Ordinances for effectiveness, and revise as necessary.

Year 4: Enforce Village and MWRD ordinances requiring erosion and sediment controls and compliance with ILR10. Review applicable Sections of Ordinances for effectiveness, and revise as necessary.

Year 5: Enforce Village and MWRD ordinances requiring erosion and sediment controls and compliance with ILR10. Review applicable Sections of Ordinances for effectiveness, and revise as necessary.

D.2 Erosion and Sediment Control BMPs

Brief Description of BMP

Erosion and sediment control BMPs are required to be specified on plans and then installed and maintained during construction.

Measurable Goals, including frequencies

Verify that plans specify BMPs and that contractors install and maintain BMPs during construction on an as needed basis.

Milestones

Year 1: Verify that plans specify BMPs and that contractors install and maintain BMPs during construction.

Year 2: Verify that plans specify BMPs and that contractors install and maintain BMPs during construction.

Year 3: Verify that plans specify BMPs and that contractors install and maintain BMPs during construction.

Year 4: Verify that plans specify BMPs and that contractors install and maintain BMPs during construction.

Year 5: Verify that plans specify BMPs and that contractors install and maintain BMPs during construction.

D.5 Public Information Handling Procedures

D.6 Site Inspection/Enforcement Procedures

Brief Description of BMP

Erosion and sediment control BMPs are inspected throughout construction; if any BMPs need to be maintained or modified, the contractor is notified.

Measurable Goals, including frequencies

Inspect BMPs during construction; have contractor maintain or modify BMPs on an as needed basis.

Milestones

Year 1: Inspect BMPs during construction; have contractor maintain or modify BMPs as needed.

Year 2: Inspect BMPs during construction; have contractor maintain or modify BMPs as needed.

Year 3: Inspect BMPs during construction; have contractor maintain or modify BMPs as needed.

Year 4: Inspect BMPs during construction; have contractor maintain or modify BMPs as needed.

F. Pollution Prevention/Good Housekeeping

Approximate date first implemented: 3/10/03

Frequency of each BMP program: Various

Qualifying Local Programs

- F.1 Employee Training Program
- F.2 Inspection and Maintenance Program
- F.3 Municipal Operations Storm Water Control
- F.4 Municipal Operations Waste Diposal
- F.5 Flood Management/Assess Guidelines

Measurable Goals (include shared responsibilities)

F.1 Employee Training Program

Brief Description of BMP

Employee training materials to facilitate implementation of operational BMPs and stormwater pollution prevention.

Measurable Goals, including frequencies

Provide appropriate employees with training materials on an annual basis to facilitate stormwater pollution prevention and compliance with operational BMPs.

Milestones

Year 1: Provide appropriate employees with training materials, seminars and instruction.

Year 2: Provide appropriate employees with training materials, seminars and instruction.

Year 3: Provide appropriate employees with training materials, seminars and instruction.

Year 4: Provide appropriate employees with training materials, seminars and instruction.

Year 5: Provide appropriate employees with training materials, seminars and instruction.

F.3 Municipal Operations Storm Water Control

Brief Description of BMP

Review municipal operations program for stormwater control/storm sewer system, revise BMPs or implement BMPs as necessary, and audit program for compliance.

Measurable Goals, including frequencies

Review municipal operations program for stormwater control/storm sewer system on an annual basis. Revise BMPs or implement BMPs as necessary, and audit program for compliance.

Milestones

- Year 1: Review municipal operations program for stormwater control/storm sewer system, revise BMPs or implement BMPs as necessary, and audit program for compliance.
- Year 2: Review municipal operations program for stormwater control/storm sewer system, revise BMPs or implement BMPs as necessary, and audit program for compliance.
- Year 3: Review municipal operations program for stormwater control/storm sewer system, revise BMPs or implement BMPs as necessary, and audit program for compliance.
- Year 4: Review municipal operations program for stormwater control/storm sewer system, revise BMPs or implement BMPs as necessary, and audit program for compliance.

F.4 Municipal Operations Waste Disposal

Brief Description of BMP

Review municipal operations program for waste control, revise BMPs or implement BMPs as necessary, and audit program for compliance.

Measurable Goals, including frequencies

Review municipal operations program for waste control on an annual basis. Revise BMPs or implement BMPs as necessary, and audit program for compliance. Continue methods for proper waste disposal on Village property.

Milestones

Year 1: Review municipal operations program for waste control, revise BMPs or implement BMPs as necessary, and audit program for compliance. Continue methods for proper waste disposal on Village property.

Year 2: Review municipal operations program for waste control, revise BMPs or implement BMPs as necessary, and audit program for compliance. Continue methods for proper waste disposal on Village property.

Year 3: Review municipal operations program for waste control, revise BMPs or implement BMPs as necessary, and audit program for compliance. Continue methods for proper waste disposal on Village property.

Year 4: Review municipal operations program for waste control, revise BMPs or implement BMPs as necessary, and audit program for compliance. Continue methods for proper waste disposal on Village property.

Year 5: Review municipal operations program for waste control, revise BMPs or implement BMPs as necessary, and audit program for compliance. Continue methods for proper waste disposal on Village property.

F.5 Flood Management/Assess Guidelines

Brief Description of BMP

The Village enforces ordinances regarding floodplain and floodways. All plans are reviewed and approved prior to commencement of construction. Review development plans for compliance with ordinances and policies.

Measurable Goals, including frequencies

Enforce Village ordinances regarding floodplain and floodways on an as needed basis. Review development plans for compliance with ordinances and policies, as required by frequency of plan submittals. Review ordinances and policies on an annual basis to ensure compliance with FEMA regulations.

Milestones

Year 1: Pre-Construction review of development plans for compliance with current FEMA and IDNR regulations.

Year 2: Pre-Construction review of development plans for compliance with current FEMA and IDNR regulations.

Year 3: Pre-Construction review of development plans for compliance with current FEMA and IDNR regulations.

Year 4: Pre-Construction review of development plans for compliance with current FEMA and IDNR regulations.

Year 5: Pre-Construction review of development plans for compliance with current FEMA and IDNR regulations.

Instream Monitoring Program

Is there an instream monitoring program currently in place? Yes No

Is an instream monitoring program currently being proposed? Yes No

Sediment Monitoring

Is sediment monitoring currently taking place? Yes No

Sample Monitoring of Outfalls

Is sample monitoring of outfalls currently taking place? Yes No

Other Monitoring

Describe other types of monitoring implemented or proposed to evaluate the BMP effectiveness or water quality impact of stormwater.

The Village does not perform any separate monitoring.

Part III. Certification

I certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gathered and evaluated the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate, and complete. I am aware that there are significant penalties for knowingly submitting false information, including the possibility of fines and imprisonment.

Any person who knowingly makes a false, fictitious, or fraudulent material statement, orally or in writing, to the Illinois EPA commits a Class 4 felony. A second or subsequent offense after conviction is a Class 3 felony (415 ILCS 5/44 (h)).
